Precision made in Germany

## Technical data of HOFMANN collet chuck stands

### Main characteristics

Collet chuck stands **Z** for fast attachment of work pieces with collet chucks. For the use on drilling and milling machines, threading cutting devices as well as for use in measuring devices. Commercially available standard collet chucks are used for round, square or hexagonal material.

The base body of the collet chuck stands is painted in textured paint RAL 7035 light grey; the union nut and the tension lever are bronzed.

### Versions

- without collet chuck
- with collet chuck
- with round collet chuck
- with square collet chuck
- with hexagonal collet chuck
